Dear Maria,

It gives me great pleasure to award Preliminary EDGE Certification to EDIFICIO MULTIFAMILIAR NUNA.

Your design choices for this project predict energy savings of 24%, water savings of 36% and embodied energy savings of 52%. By designing a project that meets this exceptional level of environmental performance you will have a lasting impact not only on those who utilize the project, but also on the larger community for years to come.

We applaud your commitment to sustainable innovation and environmental excellence. Your leadership with this project demonstrates to the world that we can build amazing indoor environments while protecting our natural resources.

We look forward to continuing to work with your team throughout the final stage of EDGE certification.

Congratulations to you and your team on this impressive accomplishment!

Sincerely,
